The meetings here was arranged by the Ohio Anti-Militarist League, of which Rev. Washington Gladden is president.

6 PRISONERS ARE DEAD 40 INJURED

Germ Destroyer Explodes In Jail at El Paso, Texas.

El Paso, Tex., March 7.—Six prisoners were burned to death and probably forty others seriously injured when fire, starting from a large bath containing a solution of gasoline and kerosene, used to exterminate germ-carrying vermin, exploded in the city jail. Many of the victims were thoroughly saturated with the solution when the flames enveloped them and their cries of agony were heard by a great crowd, which had assembled on the outside of the jail.

About fifty prisoners were taken out unharmed and placed in quarters removed from the bath house, under heavy guard. The fire department, quartered in the same building, quickly extinguished the fire and with the assistance of five physicians rendered aid to the burned victims. Mayor Tom Lea has ordered an investigation to determine the cause of the first. Most of the victims were Mexicans.

SOMETHING NEW

(By American Press)

Pittsburgh, March 7.—A new treatment for pneumonia was announced by Dr. Thomas G. Stimont, associate professor of clinical medicine in the University of Pittsburgh, who, after tests in St. Francis hospital, declares it has reduced the pneumonia death rate in that institution from 90 per cent of both alcoholic and non-alcoholic patients to 35 per cent. Dr. Stimont stated that the new method consisted in giving the patient 20 minute baths in water heated to 98 degrees. The temperature of the baths is increased to 120 degrees. Dr. Stimont told of a patient who required four men to put him into the bathtub. At the conclusion of the bath the patient drank two gallons of water and two quarts of butter-milk.

IN SHORT ORDER

(By American Press)

Washington, March 7.—President Wilson's nomination of David R. Francis of Missouri to be ambassador to Russia was confirmed by the senate a few hours after it had been received from the White House. At the same time Joseph R. Speer of Indiana was confirmed as ambassador to Chile.

Mr. Francis, who served as secretary of the interior under President Cleveland, will succeed George T. Marve at Petrograd. Mr. Marve recently resigned, saying the Russian climate was undermining his health. The post of ambassador to Chile was made vacant by the resignation of Henry Prather Fletcher to become ambassador to Mexico.

SOLONS ENGAGE IN HOT DEBATE

Warning Resolution Now Before the House.

RULE UNDER DISCUSSION

Vote Will Be Taken by the House After Four Hours' Debate On the Resolution Itself—Republican Leaders Line Up Against the Rule Reported by the Committee—Wilson Supporters Express Confidence.

Washington, March 7.—Representative McLemore's resolution warning American citizens off armed merchantmen is under consideration in the house today. Ninety minutes debate on the rule under which it is proposed to table the resolution will be followed by four hours' discussion of the resolution itself. A vote is expected late this evening.

Debate on the question of armed merchant ships broke out on the floor of the house late yesterday evening and when it was over there seemed to be more of a partisan lineup than at any time since the issue arose.

Representative Mann of Illinois, the Republican leader, and Representatives Lenroot of Wisconsin, Republican member of the rules committee, gave notice that they would oppose the rule under which it is proposed to table the McLemore resolution. On the other hand, Chairman Flood of the foreign affairs committee, who has been understood personally to favor a warning resolution, voiced an appeal to all patriotic congressmen to stand by the president.

The president's supporters believe that a majority of the Democrats, as well as many Republicans, will stand together to put through the rule and kill the McLemore resolution. There will be formidable opposition, both in and out of the party, however, and the influence of William J. Bryan is being taken into account as a big factor to be dealt with.

A homestead bill provided the opportunity for discussion of the armed ships controversy, and when the bars were let down a score of representatives, among them leaders on both sides of the chamber, hastened to declare themselves on the question of the hour. Among Democrats, as well as among Republicans, there was conflict of opinion. Representative Gardner stood by the president. Representative Mann, the minority leader, characterized the proposed vote of

confidence as a ridiculous proceeding. Democrats also found themselves at odds on the advisability of warning Americans not to take passage on armed ships; on the special rule, on the constitutional duty of the house, or on the many phases involved.

Mann's Attitude.

Mr. Mann declared that a majority of the members of the house are of the opinion "that at this time American citizens ought not to complicate the situation by traveling on armed merchant vessels. If we leave the matter as it is we have expressed no opinion. We have left the situation to the wisdom and the discretion of the president. If we vote to table the resolution we have voted that we invite American citizens to travel on armed merchant vessels, with the assurance that we will go to war if they do."

"I am in favor of keeping out of war if it is possible. If the president, for whom I have respect, desires to know what the members of the house think upon a proposition, he certainly must desire to know what they honestly think upon it. If we take no action at all in the house to that extent we do not endeavor to bind the hands of the president or to influence his conduct. To that extent it is a vote of confidence, but if we insist, or the committee on rules insists, or the house insists, that we shall vote on a question of grave international importance, I do not propose to register the will of anybody else, but to register my own judgment."

HARTMAN THEATER

Columbus, Thursday and Friday, March 9, 10. Special matinee Friday.

At the Hartman Theater on Thursday and Friday nights, with special matinee Friday afternoon, "Watch Your Step" will be presented, with the New York company headed by Mrs. Vernon Castle, Frank Tinney, Bernard Granville, Elizabeth Brice, Charles King, Harry Kelley, Harry Ellis and many other clever musical comedy favorites. For six months "Watch Your Step" played to packed houses at the New Amsterdam Theater, New York City. Manhattan audiences laughed themselves hoarse with Frank Tinney, and applauded the dancing of Mrs. Castle to the echo. Newspapers and magazines went on record by declaring the piece to be the most novel and enjoyable musical entertainment staged for six years.

The musical score of "Watch Your Step" was written by Irving Berlin. It contains half a dozen or more numbers which have established him more firmly than ever in his place as the most popular song writer of the day. "That Syncopated Walk", "A One Horse Town", "Since I Discovered You", "Lead Me To Love", and "Play a Simple Melody," are features of "Watch Your Step," which are being played and sung from coast to coast.

"Watch Your Step" has a story. It was written by Harry B. Smith. But Mrs. Castle, Frank Tinney Bernard Granville, Brice and King, and the other featured entertainers, have so much that is unique to do, and so short a time in which to do it, that there is not much room for a story.

"Watch Your Step" is one of the best attractions of the entire season, and should not be missed. Admission prices range from \$2.00 to 50c.

Mon., Tues., Wed., March 13, 14, and 15. Matinee Wed. May Irvin in "33 Washington Square."

At the Hartman Theater on Monday, Tuesday and Wednesday, with a matinee Wednesday, America's greatest and best loved comedienne, May Irvin, will be seen in her latest success, "33 Washington Square." The play is from the novel of John Leroy Scott. Miss Irvin will be seen as the house maid in the mysterious house where so many deliciously funny and interesting things happen. She will be supported by a splendid company. Mail orders for seats for this attraction are being received.

B. F. KEITH'S

For the week of March 6, B. F. Keith's Theater, Columbus, will have Frank McIntyre in "The Hat Salesman" as the headline attraction of a splendid bill. Many patrons of this popular house, have, in other years paid \$2 to see Mr. McIntyre in "Snobs" and "The Traveling Salesman." However, the old prices will prevail at Keith's and patrons will not only see Mr. McIntyre in the best thing he has ever appeared in, but will also see seven other high class acts. Geo. Hobart is the author of "The Hat Salesman" in which Mr. McIntyre will be assisted by a capable company.

Miss Mayon Vardi, and a company of six beautiful dancing girls will appear in a series of classic dances.

Mr. and Mrs. Jimmie Barry, old time favorites, will be on the bill in "The Rube," a little gem-comedy of which the public never tires.

Ralph Smalley, the cello player who, for six years was a star soloist in the Metropolitan Opera company, will render a program of popular and classic selections.

Jack Allman and Sam Dody in "The Reincarnation," will have a comedy worthy of the name. Mr. Dody was one of the original "Hobos" in the famous "Lasky's Seven Hobos" of delightful memory.

Four other acts and the motion pictures will round out the bill.

The New Secretary of War

That belief that President Wilson has his "eye on Ohio" and is anxious to capture the electoral vote of the Buckeye state in the presidential election this fall was strengthened Monday when the appointment of Ex-Mayor Newton D. Baker of Cleveland as Secretary of War was announced.

There is no doubt that the appointment of Ex-Mayor Baker will markedly strengthen the president politically in Ohio. Not only will the appointment be received favorably in Cleveland "the sixth city" of the nation, but that great populous and prosperous northeast section of Ohio, and in fact, the whole state will accept the appointment as a deserved recognition.

But the appointment should not be regarded as one dictated by political expediency although it was a politic move to make.

The new Secretary of War is a strong, able and energetic man whose remarkable capabilities have long been recognized. He will add much to the strength of the cabinet council advisors of the president and will be of great assistance in discharging the vast amount of work which these troublous times demand of the head of the war department.

Ex-Mayor Baker is known to be in sympathy with the announced policies of the president.

Politically, while a radical democrat—of the school of the late Tom L. Johnson—the new secretary of war is decidedly independent in regard to public officials and public service.

He should make a good secretary of war.

Do Dogs Have "Sense?"

One afternoon recently, while Miss Sutton, the Welfare nurse, was busily engaged in her office in the Worthington block, her attention was attracted by a soft but persistent scratching at the outer door. At first she paid no attention and went on with the work she had in hand. The scratching, however, continued with just enough increase in persistency to compel her attention.

Laying aside her work, Miss Sutton opened the door and was confronted by a handsome big Collie dog.

In mute dog language the intelligent canine told the welfare nurse his troubles, his wants and why he had come to her as plainly as if he had been a brilliant conversationalist.

With an appealing look in his big brown eyes he held up one wounded paw and gave Miss Sutton plainly to understand that he had come to have it cleansed and treated.

There seemed no doubt that this intelligent Collie dog knew that the generous hearted citizens of Washington had provided the means to assist the needy and distressed.

Miss Sutton, taking in the whole situation at a glance, didn't hesitate an instant. The unbidden guest was summoned inside the room, the injured foot thoroughly cleansed and dressed.

The relief was quick to follow treatment and the dog made known his appreciation and gratitude as plainly as he had made known his wants.

After lingering about the welfare rooms for a few hours the Collie departed. Where the dog went and from whence he had come are both mysteries.

Was it merely a "happen so" that the Collie found the proper place?

Perhaps so.

The thousands of people who love the "intelligent" dog will find much in the incident recorded to support their contentions that a dog "knows" something.

The particular Collie could not have acted more sensibly if it had listened, understandingly, to the plans of our good women who gave the charity ball.

Do dogs have "sense?" This looks like it..

Our Big Railway Stations

With the completion of the new union station in Chicago at a cost of forty millions of dollars, the railroad systems of the land will have expended two hundred and fifty millions of dollars in terminal facilities in the large cities, during the last six years.

That is a stupendous sum of money and, when we stop to consider that there is no direct yield of profit from the depot structures, the fact that these enormous amounts have been paid out, for terminals by the "cold blooded" corporations, causes us to wonder why.

Of course, the individuals who control and manage the great railroads are far seeing and probably realize that vast sections of land in the business sections of the great cities will increase in value, but even that does not furnish the "profit" on the investment.

No way can the direct benefit which makes it a good business proposition be calculated.

The generally accepted explanation is that the railroads companies want to have a nice house to invite their friends, the public, to visit and like individuals they spend more than sound business warrants, for a nice home.

Poetry For Today

Here is a bit of verse that illustrates how a poet may be even more radical than a President. It is taken from the New York Evening Post:

A TIMELY WARNING.

Look here! Some day you'll have to die.

Defy it, if you dare—

Go now, put on your Sunday clothes, 'Tis better to prepare!

A falling star might strike, some day
 Just where you stand, beware!
 You'd best put on a coat of mail,
 'Tis wisest to prepare.

The world is coming to an end.
 The Bible tells us so.
 Give up this struggle for your bread
 And be prepared to go—

My God! What are we living for
 If life's one constant scare?
 You may as well go dig your grave;
 'Tis better to prepare!

1916 WHEAT OUTLOOK

(By American Press)

Columbus, March 7.—The outlook for the winter wheat crop for 1916 is not encouraging. The state bulletin showing its condition on March 1 places it at about 71 per cent of a full average. At this date last year the condition was 96, and on Jan. 1 this year it was 85. The poor showing is due to winter killing, correspondents reporting almost no snow protection through the winter.

FIND PRECEDENT FOR APPAM CASE

In Washington's Days Similar Case Nearly Caused War.

DIFFICULT ISSUES INVOLVED

Spring-Rice and Von Bernstorff Have Widely Different Views, and Secretary Lansing Says Nothing—Interesting Principles Are Involved—Lieutenant Berg Tells Story of Capture.

Governor Simeon E. Baldwin, former chief justice of the Connecticut supreme court and one of the leading authorities on international law in the United States, is studying the Appam case carefully and finds it analogous to a case in President Washington's administration which nearly involved this country in a war with France. Governor Baldwin says regarding the case:

"The entry of the Appam into an American port presents a difficult question in international law. She has come in to seek what is commonly called an asylum. As we are at peace with Germany, if she were a regular German man-of-war sailing from a German port, there would be no question of her status. Apparently, however, she is an English merchant ship, to which Germany has no other title than that of capture and possession. She has never been adjudicated a prize by a legitimate prize court. Our prize courts here would have no jurisdiction to adjudge her to be a prize. Some nations refuse an asylum under such circumstances.

"The matter is discussed in Calvo's work on international law, theoretical and practical. He states a principle, generally accepted, that where a belligerent brings a prize into a neutral port it cannot be sold without a judgment from a prize court and the authorization of the neutral sovereign, but he says this rule is differently interpreted in different states, and while some states refuse an asylum altogether to prizes made by belligerents others accord it without reserve and put no obstacles in the way of a sale. "Wheaton in his work favors a liberal construction of the right of asylum. An analogous question to some of those raised by the appearance of the Appam in our waters engaged the attention of the United States during the administration of President Washington and nearly involved us in war with France."

Moewe the Raider, Says Berg.

Lieutenant Berg submitted to his first interview. It was notable chiefly for its brevity, but it was also notable for the measure of responsibility he took upon himself for the capture of the Appam and her fellows.

It cast no more light upon the identity of the raider than has been thrown, but Berg reiterated that the raider was the Moewe and none other.

"It would be useless," said Lieutenant Berg, "for me to repeat the story

BE ENERGETIC NOT LAQUID

Medical Authority Tells What This Condition Really Means.

"When you are languid and listless, or lack ambition and feel so melancholy that life seems scarcely worth the living, it is absolutely necessary that you take treatment to correct these sub-normal conditions, because you are suffering from derangements of a vital organ," declares one of the greatest medical authorities.

That "tired feeling" means a good deal more than is generally realized. It is not laziness, it is a physical tiltment that needs correction quickly before it becomes even more serious by taking a firm hold on you.

Throw off that nervous depression. It is your duty.

Tanlac, the tonic, appetizer and invigorant, that builds new tissues, vitalizes the blood and acts so favorably on ailments of the stomach, liver and kidneys and catarrhal affections of the mucous membranes, is designed especially to correct these conditions. The results of the Tanlac treatment are amazing. It tends to put you back in body and mind like those old-fashioned, but most sensible folks—the pioneers, and to make you sturdy and of real manhood and womanhood.

Men and women, from the highest to the lowest walks of life, everywhere are testifying to the relief Tanlac has brought them. No other remedy has ever won such great endorsements that can only come from superlative merits.

Tanlac can now be had in Washington, C. H., at the drug store of Blackmer & Tanquary, where it is being fully explained to all questioners.

Tanlac may be obtained in New Holland at the New Holland Drug Store. Advt.

of the capture of the seven British ships and their crews by myself and my men. The accounts that I have seen have been correct in almost every detail.

"After we captured six other steamships and sank them we encountered the Appam at noon, which we recognized as an Englishman from afar, notwithstanding the fact that she did not carry a flag.

"We ran up the German ensign and signaled her to stop. When the captain did not heave to at once and the men at the gun appeared to load and aim we fired a warning shot, whereupon the Appam heaved to and surrendered.

Commanded by Dohna.

"Captain-Lieutenant Count Dohna sent a boat with a prize crew on board. Later on I was ordered to command the prize and was instructed to take her to the closest American harbor.

"And the next morning came further orders to leave the Moewe. We steamed off, and shortly afterward we heard the exchange of shots during the battle with the Clan MacTavish while we remained at a great distance and drew near only afterward to pick up some wounded who were sent to us in order to get them quickly under medical treatment.

"Then we pursued our journey according to orders. From the first day I was compelled to shorten rations in order to follow these orders.

"As to the raider's being either the Ponga or the Roen," Berg continued, "I say only this, and I never shall say more:

"My ship was his majesty's Moewe." To a series of further questions as to when the Moewe was built, whether she was ever a freighter, whether plates from the old Moewe were placed on her, and as to other points that have puzzled the world since he brought the Appam to the Virginia capes in the dawn a few days ago Lieutenant Berg repeated patiently:

"She is the Moewe."

He was willing, however, to go into these further details of his trip across the Atlantic:

"Generally speaking, our trip across the Atlantic was without incident. We saw no warships, but met several merchantmen. On our arrival we were received by American authorities very nicely. Although I am satisfied to have carried out my duty, I would prefer very much to be back on the Moewe."

Civic League of Goshen Will Prosecute Those Who Go Away to Drink.

Goshen, Ind.—The Civic league of Goshen has given official notice that it will prosecute all persons who go from this saloonless community to Elkhart, ten miles away, become drunk there and ride home on traction cars.

League managers call attention to the law of 1913, under which intoxicated persons on traction or steam cars and in railway stations are guilty of misdemeanor, punishable by heavy fine and jail imprisonment. Late cars on the Chicago, South Bend and Northern Indiana traction line between Elkhart and Goshen have carried many drunken persons since Goshen voted against the saloons. Employees of the traction company are unable to meet the situation, which is serious.

Requests of the Civic league that the offenders be arrested have been ignored by the Elkhart police, members of the league say.

COUNCIL BIDS FAREWELL TO JONES AND WHITE WAY

**Uniform System of Incandescents
Will Form Next Lighting Sys-
tem—Council Votes to Move
to Engine House, Also to Mod-
ify Traffic Ordinance and to
Make General Inspection of
City Sidewalks.**

In a very harmonious session Mon- day night, the city solons voted to move to the engine house, went on record to the man as opposing a "white way" in the next lighting contract, and also to eliminate H. Whitford Jones from any further dealings with the city. And then the first electrical storm of the sea- son occurred.

First in the order of business was a request by Ed Fite for improve- ment of sidewalks on South North street, from the creek two squares south. This was referred to the Service Committee.

A new petition was presented for the improvement of Eastern Avenue, in which the majority of property owners waived their right to the 33 1-3 per cent limit in making an assessment against abutting prop- erty.

No written report having been made by the committee appointed to investigate the previous petition on Eastern Avenue, President Soddors passed the matter over, stating that such reports must be written as re- quired by the rules.

General Inspection.

Veal asked for improvement of a sidewalk on South Fayette street, south of the church, and this was referred to the Service Committee.

Sheets then moved that a general inspection of sidewalks be made and report filed so that wherever bad walks existed in the city they could be ordered constructed in the near future. By unanimous vote the mo- tion was adopted, and the Service Committee will make the inspection.

An ordinance to boost the salary of employees of the Service Depart- ment, on the street and sewer work to \$2.50 per day for "skilled" labor and \$2 per day for "unskilled" labor was read and after its second and third reading, referred to the law and ordinance committee.

Bills Ordered Paid.

A resolution authorizing the Au- ditor to pay bills incurred in the al- teration of the Engine House, was adopted by unanimous vote. It was explained by the Solicitor that the Auditor had refused to pay the bills until such resolution by council, on the grounds that no certificate show- ing that the money was in the treas- ury at the time the expense was in- curred, had been filed.

A resolution to vacate the rooms now occupied by council and the Mayor and Police, was offered. This resolution provided that the rooms be vacated and that the entire city offices be moved to the Engine House "as soon as practicable." All voted for the resolution.

Traffic Law Changed.

An ordinance to amend the traf- fic ordinance passed in 1913, by per- mitting rigs of all kinds to turn in the streets at alley intersections as well as at street intersections, was offered and passed. The new pro- vision permits turning of vehicles by passing just beyond the line of al- leys across the streets. In this man- ner a turn may be made at each half square, instead of each square.

A resolution amending the reso- lution to improve Ogle street, was offered, and includes that part of Delaware street from Columbus ave- nue to its intersection with Yeoman street. This passed.

Money For Sewers.

A resolution authorizing the bor- rowing of \$1500 with which to con- duct sewer work until bonds could be issued, was passed. This makes it possible to proceed with the sewer work on the streets to be paved in the near future.

The Engineer was instructed to

proceed with the survey of South Fayette street so that it might be paved, and was instructed to pre- pare plans for 40 foot paving from the Pennsylvania railroad south- ward. The street is 50 feet at the present time.

"White Way" Dead.

Solicitor Gregg, addressing coun- cil asked what was desired toward a new lighting contract, stating that since the courts had decided against the city new action was necessary, and that the \$1200 which had been demanded to pay an engineer, must be eliminated. He asked council what was desired.

Howell was first to speak. He ad- vocated eliminating the "white way" clause in the next call for bids, and to call for bids on a system of in- candescent lighting of uniformity throughout the city.

Whelpley agreed that the "white way" should be eliminated.

Evans favored eliminating the "white way" and also inserting the "moonlight schedule" in the new contract, whereby the city lights burn 3,000 hours yearly instead of 4,000.

Veal was never "stuck on" the white way, and he also favored a moonlight schedule.

Rowe was opposed to the "white way" and favored an all night and every night schedule instead of the moonlight schedule.

Howell was opposed to the moon- light schedule.

Sheets hated to give up the "white way" but said there appeared no other way, and he was willing to abandon it and adopt plans for a new system.

Bloomer also favored eliminating the "white way."

Murmurs Against Jones.

Howell suggested a special meet- ing, and Solicitor Gregg suggested having H. Whitford Jones present. Here murmurs arose against Jones being present, and Veal stated that he believed it would be a good plan, while eliminating the "white way" to eliminate Jones. This brought forth applause from the spectators. Evans said Jones was not needed, and that council could get along without him.

A special meeting was decided up- on for Thursday night at 7 o'clock, when the lighting proposal will be taken up with a view to calling for bids.

Engineer Jacobs was instructed to confer with Supt. Fisher of the Washington Water Company with a view to installing water mains on Yeoman street before the street is improved.

MANY ATTENDING CHRISTIAN CHURCH

In spite of the rain last night a large crowd was present at the evan- gelistic services now in progress at the Christian church.

Mr. Troy, who is leading the mu- sic, was assisted by a fine chorus and was well pleased by the progress that is being made in learning the new songs. He sang as a solo, "Cling to the Bible My Boy," which made a deep impression.

Mr. Groves took for his text, "Heaven and Earth Shall Pass Away but my Words Shall not Pass Away." He showed how God by forty writers through a space of twenty centuries had revealed his will to man. He told of some of the recent discoveries of manuscripts and the testimony of archaeology which confirms the message. At the close there was one addition.

The subject tonight will be: "Progressive Revelation."

NINE MILES OF HIGHWAY TO BE BUILT UNDER STATE AID

**Commissioners Take First Step
Toward Constructing Tar-
Bound Macadam Instead of
Brick Roads—To Be Divided
Upon Three Roads—New
Method Considered on Road
Passing Through Yatesville.**

Resolutions adopted by the Coun- ty Commissioners Monday afternoon constitute preliminary plans for the building under the state aid method of road construction, of some nine miles of tar-bound macadam road- way near this city during the pres- ent year.

The resolutions adopted ask the State Highway Commission to take steps for the preliminary survey, plans and specifications for the roads in question. No brick roads will be built this year under the state aid plan.

Part of the improvement will be on the Sabina pike, beginning at the west corporation line of the city. This is part of Main Market Road No. 10.

An additional stretch of road is to be constructed on the Leesburg

pike, beginning at the end of the paved roadway.

The third section is on another inter-county highway—the Jeffers- sonville pike, and the commissioners hope to have the entire eight or nine miles completed by fall.

The construction of the roadway will be not unlike the Devalon road, except that tar will be used as a binder, making the surface imperv- ious to water.

This season about \$27,000 will be available from the state, it is un- derstood, and the Commissioners plan to make this amount do the most possible work, and after the roadway is completed, turn it over to the state for maintenance.

Other Road Improvement.

It is understood that property owners along the Bloomingburg and Midway pike, from the intersection of the State road to the Madison county line—a distance of about four miles—are planning the im- provement of the road under the plan of assessing the abutting prop- erty within a mile of the road. The plan is to improve the road by macadamizing, with the addition of other material to make the improve- ment of a more or less permanent character.

DEADLY WEAPON WAS A FAMILY HEIRLOOM

The revolver with which Miss Myra Eutsler, of Greenfield, ended her life, Sunday, had been purchased by her grandmother and for many years had been hidden away among the effects of the Eutslers. It was a 38 calibre weapon.

It is supposed that the young wo- man obtained the weapon and car- ried it to the davenport with her, probably several hours before she fired the fatal shot.

The weapon was tightly wrapped in the bedclothing so that the ex- plosion of the shell would be muffled.

A short time before reaching home on the night previous to the trag- edy, the young woman had said to a friend: "Don't work too hard it doesn't pay. Don't let me hear of you working as hard as I have done."

TAKES JUDGMENT IN SUM OF \$3999

James C. Fent as administrator of the estate of Chas. C. Fent, has taken judgment in common pleas court against A. J. Fent in the sum of \$3,999.52, on a promissory note for \$3,331, bearing date of March 1, 1912. Post & Reid represent the plaintiff.

This is one of the largest judg- ments taken on a promissory note, in the local courts, in recent years.

BIBLE LECTURES MONDAY NIGHT

Taking as his subject, "The Prepa- ration for Redemption," and re- viewing the whole of the Old Testa- ment to illustrate the marvellous preparation which God made for the Redemption of the world, Reverend Joseph Taylor Britan, pastor of the Central Presbyterian church of Co- lumbus, began at the Presbyterian church Monday night a series of five lectures which will cover the whole Bible. The speaker said in part:

"The Bible is the 'best seller.' Millions of copies are printed in at least three hundred dialects and languages each year and yet despite the wide circulation of the Bible the average Christian does not find it interesting. The reason for this is that they have never seen the marvellous unity which runs through it, they have never seen the plan on which The Book was written.

"The historical books of the Bible tell the story of the Kings of Israel and their failure. Realiz- ing that no man could ever rule in absolute justice the people looked forward to the Lord of Hosts who was to be the King of Glory.

"In the Prophetic Books of the Old Testament we find some men who faithfully declared the word and will of God, but there were false prophets also who prophesied, and in all the confusion, in the midst of the revelation of God which was only partial and fragmentary, the people cried for a Prophet. This call for a Prophet was answered when at the Baptism of Christ the voice from heaven said 'This is my son. Hear Him.'"

In dealing with the subject of the

Bible and modern science Dr. Britan declared that there is no conflict be- tween Genesis and geology. What God has revealed in His word al- ways agrees with what He has re- vealed in His world.

HAMILTON CHOSEN VICE-PRESIDENT

Mr. M. B. Hamilton, of Leaven- worth, Kansas, former resident of this city and brother of Mr. W. W. Hamilton, has been elected to the vice-presidency of the First National Bank of Leavenworth.

The bank in question is the oldest in Kansas, succeeding a private banking house which originated in 1856. It is likewise one of the old- est national banks in America, and has a capitalization of \$300,000.

JOHN NEAR TENDERS HIS RESIGNATION

EAGLES WILL GIVE MINSTREL

The Eagles are planning to put a second home talent minstrel show some time this spring.

The success of last year's minstrel will arouse anticipation for the second show.

Early Spring Millinery Exhibit

We re opening the doors of our Millinery department a trifle early this season to give you a peek at the very newest Spring Hats.

This isn't our regular formal Spring open- ing—it's just an informal exhibit of the pretty styles—and an opportunity for the selection from our first arrivals.

Our modest prices this season will be a feature—and we offer combined with this Hats of Styles, Smartness and Quality.

Come tomorrow and see these.

White Chinchilla Coats

are much sought after—and why should they not be. There is no outer garment for women that adds so materially to the much-desired Spring look, like a coat of white. Made of Worumba Chinchilla, they may be successfully dry cleaned or tubbed, thus retaining their original freshness throughout the season.

We are now showing these.

In Social Circles

St. Patrick's Day, with its happy suggestions, and apropos entertainment novel and attractive, contributed to make the March D. A. R. meeting at the home of Mrs. M. S. Daugherty, Monday afternoon, one of distinctive pleasure.

With Mrs. Daugherty as the afternoon's hostesses were Mesdames Marion Hegler, Bella L. Ustick, Frank Michaels, J. Star Smith, Jesse Persinger, George A. Robinson, A. C. West, of Bainbridge, Misses Del Lanum Marie Hegler, Pauline Pine, Georgiana Rockhold of Bainbridge, Elizabeth Gregg of Bowersville.

Each Daughtery had been given the privilege of bringing a guest and the large rooms, fragrant with spring flowers were filled with a throng of interested women.

In the absence of the Regent, Mrs. Kennedy, Miss Emma Jackson, Vice Regent, had charge of the program. During the preliminary business session the Cecilians extended an invitation to the Daughters to a recital on March the twenty-first. The Chapter also extended sympathy for Mrs. J. G. Gest, a former member, in the loss of her husband.

The entertainment of the afternoon belonged to the "Ancient and Honorable" order of charades and tableaux, introduced with charming Irish readings by Mrs. Bertha S. Miller and Irish melodies from the Victrola.

The feature was the charade representing in five scenes, a historical personage for the guests to discover. These comprised Mrs. Miller's reading of "I'm to be Queen of May;" Miss Ada Woodward's solo, "Comin' Thro' the Rye;" three tableaux, the Witche's Scene from Macbeth; An Art Studio and the framed picture of Mary Stewart, Queen of Scots. Mrs. Daugherty as the beautiful Scottish Queen, was ideal and the five acts all cleverly developed to the charades answer, Mary Stewart.

Mrs. Bertha Miller won the prize an exquisite mixed nosegay of white fuchsia, green carnations and shamrocks, with the Irish pipe and shamrock attached to the paper holder.

The hostesses served an unusually elaborate luncheon in which the colors and symbols of the day were introduced.

Rev. and Mrs. A. W. West entertained the Men's Bible class of the First Baptist church, with the wives and friends of the members at one of the most delightful affairs since the club's organization.

It was in honor of the winning basketball team, the team members present, Capt. Earl Peterson, Homer and Paul Smith, Richard Willis, Clarence Hard.

The conceits of St. Patrick's day were effectively employed in decorations, and the evening's diversions. The singing of Irish songs and the telling of Irish stories and witticisms combined to round out an evening of the utmost mirth and gaiety.

A delicious two course supper was served, the guests finding the partners in a clever little St. Patrick's matching contest, devised by Misses Mable Briggs and Mary DeVee.

The dining room presented a very attractive scene with beautifully decorated table the cynosure of all eyes. Adorning the center was the team's big loving cup filled with jonquils and carnations. Green candles burned in crystal shades and green streamers extended above the electroliers to the corners of the table, where they were caught with green bows and crystal bud vases of jonquils.

The green and white colors were carried out in the supper.

The members of the team were each presented with a Baptist basketball pennant by the young ladies of the church, Rev. West presenting them in a happy little speech. The pennants were greatly appreciated.

The many friends of Mr. Raymond Turnipseed and Miss Ilo Skinner will be surprised to learn of their marriage, which occurred at Newport Kentucky, on Saturday, February 19, 1916, Rev. R. B. Wilson officiating.

The groom is one of Fayette County's young school teachers' and the bride, a popular young lady, is the only daughter of Mr. and Mrs. J. M. Skinner of Green township.

The bride left her home with the apparent intention of visiting relatives in Springfield, but cupid took a hand and she went to Wilmington she was met by the prospective groom and they left for Newport.

There were many suspicions but no proofs and they succeeded in evading all accusations, until they saw fit to make the announcements.

They have the best wishes of a wide circle of friends.

Mrs. H. C. Anthony delightfully entertained the Court Street Bridge club Tuesday afternoon.

The Tuesday Kensington Club was indebted to Mrs. Albert Barney for thoroughly enjoyable entertainment this afternoon.

LEESBURG HOLDING WEEK'S INSTITUTE

Dr. Shepherd, Dr. Nichols and Prof. Lewis, the men who put on the community efficiency institute in this city, are now at Leesburg for the week, having completed sessions at Lees Creek and New Vienna.

The sessions are drawing large crowds and no little benefits are being derived by the people of the Leesburg vicinity.

REMAIN ALL NIGHT IN MIDDLE OF PIKE

Here's the latest Ford story. Sunday night while Rev. Davidson, wife and two children, were on

their way back to New Holland after Rev. Davidson had delivered a sermon at one of the churches of the West Holland charge, of which he is pastor, his Ford automobile stuck fast in the middle of the road, and all efforts to move it were of no avail.

No farm houses being near, and not wishing to leave his wife and children alone, the minister remained in the machine until morning, when assistance was summoned and they continued their journey.

FUNERAL SERVICES JACOB ZIMMERMAN

An immense concourse of people assembled at the Buena Vista M. E. church Saturday afternoon for the funeral of Mr. Jacob Zimmerman, one of the old and well known residents of the county.

Rev. Geo. Harper conducted the impressive services.

The burial was made in the family lot in White Oak cemetery; the pallbearers being, nephews, Elmer Patton, H. E. Patton, B. F. Patton, Mont Patton, Wm. S. and Robert Patton.

Mr. McCoy's term is for four years. The other members of the board are Jas. Perrill, Geo. Jackson, M. L. Dickey.

FIRST ELECTRICAL STORM COMES EARLY

The first electrical storm of the season swept over this part of the country beginning at 8:15 o'clock Monday night and continuing for about one hour, during which the roll of thunder was frequent and rain accompanied by a heavy wind, fell.

The first electrical storm of the season is unusually early and almost an unprecedented event for early March.

PROTEST AGAINST SMALL SKUNK FARM

A resident of the Madison Mills community, learning of the activity of Mayor Oster, has written to His Honor stating that a certain Madison Mills resident is harboring two live and harmless, although very unpleasant members of the cat family, and that the same man recently (on March 3rd to be exact) killed a skunk, contrary to the peace and dignity of the state of Ohio. Furthermore the deponent sayeth not.

WELL ENTERTAINED AT JEFFERSONVILLE

The Fayette County Ministerial Association enjoyed a profitable day at Jeffersonville, Monday.

Eight members were present and were royally entertained by Jeffersonville people.

The all day meeting was held at the M. P. church, the members of the M. E. assisting in showing the guests every courtesy.

Dr. Rorick, a Presbyterian pastor of Springfield, spoke at both morning and afternoon sessions. His addresses were highly appreciated, thought helpful and his presentation keen and forceful.

A splendid dinner was served at the hotel, having been arranged for by the men of the two churches.

Announcements concerning the next meeting will be made later.

200,000 MINERS ARE BENEFITED

Increase Granted to Soft Coal Miners of This District.

AGREEMENT IS REACHED

Machine Mining in Ohio Is Increased Three Cents a Ton On Machine Coal to Fifty Cents—Subcommittee's Agreement Submitted to Full Joint Conference For Ratification—Increases Allowed in Other States.

New York, March 7.—Miners in the soft coal fields of western Pennsylvania, Ohio, Indiana and Illinois will receive an increase of wages.

This has been agreed upon by the subcommittee of bituminous operators and miners for those states, who are here negotiating a new contract, to go into effect April 1.

The action of the subcommittee was reported for ratification to the full joint conference of operators and miners. Action will probably be taken Wednesday.

The action taken by the bituminous subcommittee will have an important effect, it is said, on the wage contracts to be negotiated in central Pennsylvania, West Virginia, Michigan, Iowa and Kentucky by the United Mine Workers of America. Nearly 200,000 men will benefit by the increases in western Pennsylvania, Ohio, Indiana and Illinois.

Aside from the general increase of 3 cents a ton granted by the coal companies, the miners in western Pennsylvania won the mine run system of paying wages, something the officers of the union say, they have been striving to obtain for thirty years.

In Ohio machine mining is increased 3 cents a ton on machine coal, to 50 cents. Three cents a ton is added on pick mining in the Jackson, Pomeroy, Crooksville and Tuscarawas districts, bringing the rate up to about 70.6 cents, and .04 of 1 cent is put on

pick mining in the eastern Ohio, Cambridge, Hocking valley and Amsterdam-Bergaoltz districts, making the rate 67.64, which is the same level as that in the Pittsburgh fields.

Indiana operators agree to increase the machine mining rate 3½ cents to 52 cents a ton, and 3 cents is added to pick coal, making the rate 64 cents a ton.

In Illinois the machine rate is increased 3 cents to 54 cents and pick mining 3 cents to 64. Thus the differential between Illinois and Indiana is reduced ½ cent. The Indiana miners were not satisfied with the 3½ cents increase in their state.

"NEWTON D." LANDS NICE BIG PLUM

(By American Press)

Cleveland, March 7.—Newton D. Baker, former mayor of Cleveland, who has accepted President Wilson's offer to be secretary of war, said he did not know definitely when he will leave for Washington, but it would surely be within a week.

Mr. Baker has always been known as a pacifist. At a big citizens' meeting recently in Cleveland he was toasted as the man to bring about peace in the world war when the time is ripe. When asked when he ceased to be a pacifist and became an advocate of preparedness, Baker said: "I am still a member in good standing of several peace societies." Baker declared he believed in all the president's policies.

Mr. Baker was born at Martinsburg, W. Va., and is forty-four years of age. He entered public life as private secretary to Postmaster General Wilson during the Cleveland administration, and later moved to Cleveland, where he was elected city solicitor, serving ten years. In 1912 he was elected mayor and served two terms, retiring in January.

Washington, March 7.—The selection of Newton D. Baker of Cleveland as secretary of war to succeed Lindley M. Garrison, who recently resigned, is understood to have been discussed by President Wilson with Colonel E. M. House, soon after the latter's arrival here. The president and Mr. Baker have been close friends for some time and have corresponded frequently. Mr. Baker is said to be in close sympathy with the president's policies.

DENIED, OF COURSE

(By American Press)

Washington, March 7.—Senator Pomerene's office denied the story that there have been negotiations with the White House looking to securing the electoral vote of Ohio, and that part of the tentative program was the nomination of Senator Pomerene for vice president. Mr. Pomerene says he is for Marshall for vice president.

SMOOTH WORK

(By American Press)

Cincinnati, March 7.—By forcing window bars apart and descending on an improvised rope made of three blankets, three prisoners escaped from the temporary Hamilton county jail. They were Clay Smith, twenty-six, traveling salesman of Cleveland, charged with obtaining money under false pretenses; J. W. Middleton, forty-seven, salesman, from Minneapolis, charged with passing a worthless check, and John Newman, a negro from Virginia.

BORN IN STREET

(By American Press)

Toledo, March 7.—Exposed to the bitter wind and biting sleet, Mrs. Fred Jones, twenty-seven, formerly of Detroit, gave birth on the street, between the car tracks, to a ten pound boy. Her husband, a stranger in the city, knelt by her side and comforted her a few minutes before the mother refused admittance to the Toledo hospital, it is alleged, because she did not have a doctor's certificate. Mother and child were removed to the home of a private citizen.

STILL AT IT

(By American Press)

London, March 7.—Berlin reports that in the Zeppelin raid over England Sunday night the Hull naval depot was bombarded with effect. All the German air craft returned safely. A British official report says that Yorkshire, Lincolnshire, Huntingdon, Rutland, Cambridgeshire, Norfolk, Essex and Kent counties were visited. Three men, four women and five children were killed by the bombs dropped and thirty-three other persons were injured.

HIT 'EM A LICK

(By American Press)

Washington, March 7.—Upholding laws of Florida and Washington aimed at trading stamp and "free coupon" companies, the supreme court practically maintained the rights of states to stop use of such coupons by prohibitory legislation.

ONLY A FINE

New York, March 7.—In imposing a fine of \$50 on Mrs. May Wilson Hale of Boston, who pleaded guilty to violating the customs laws in the United States district court, Judge Dayton said that the idea of sending a woman to jail was abhorrent to him.

AN EIGHT-HOUR DAY VOTED FOR

Concerted Demand to Be Presented to Railway Heads.

Cleveland, March 7.—A concerted demand upon the railways of the United States for an eight hour day by 400,000 employees in train service is assured in the favorable vote being polled in the referendum conducted by the four railroad employees' organizations.

Indications are that only a slight percentage of the vote is opposed to the presentation of the demand. W. G. Lee, president of the Brotherhood of Railway Trainmen, admitted that the vote was overwhelmingly in favor of the proposal.

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and President Lee will leave with the executive committees of the two organizations for Chicago tonight carrying with them more than 200,000 ballots. The vote will be canvassed and announced as soon as possible.

The plan of presenting the demand for the eight hour day to the railway executives has not yet been determined. It is probable that the formal demand will take the form of an ultimatum, naming conditions upon which the men will remain at work and giving the roads thirty days to answer. A proposal to arbitrate is expected to come from the railroads.

AMERICAN CONSULATE HIT

(By American Press)

Washington, March 7.—The American consulate at Trebizond, a Turkish port on the Black sea, was struck by a shell during a bombardment by two Russian torpedo boats on March 1 and a Persian subject was killed within twenty feet of the desk of Consul Oscar S. Heizer. Another shell struck the residence of the vice consul, adjoining.

LORRIMER JURY CHOSEN

Chicago, March 1.—A jury has been selected to try William Lorimer, under indictment in connection with the failure of the LaSalle Street Trust and Savings bank. Court adjourned until tomorrow because of the illness of Judge Dever.

D. A. STOOKEY ANSWERS SUMMONS

Mr. D. A. Stookey answered the eternal summons Tuesday morning at half past nine o'clock at his suburban home on the Chillicothe pike, aged seventy-six years.

Mr. Stookey was one of the respected life-long residents of the county, moving from his farm on the White pike to this city four years ago, and his death will be learned with regret by relatives and many friends in that neighborhood as well as in this section.

He is survived by a widow and five children, five sons, C. A. Stookey, connected with the Zanesville high school; Elden W., Jos. E., Ashland; Grover C., Akron; Otis, at home and one daughter, Miss Viola, also at home.

Funeral services will be held Thursday afternoon at one o'clock at the residence, Rev. L. B. Wilkins, of Fairview, will officiate.

BRYAN'S DOUBLE HERE WED. NIGHT

Chancellor Geo. H. Bradford, gifted lecturer who appears here tomorrow night as the final number of the Lyceum Course, is often mistaken for Col. Wm. J. Bryan.

While there is really no close resemblance between the two men, Chancellor Bradford possesses the Bryan silver tongue, and is recognized throughout America as one of the really big lecturers.

Tomorrow night he speaks on "Sun-crowned Manhood." Doors open at 7:00 o'clock, lecture begins at 8. Single admission 50c for adults; 25c for children.

RECEPTION OF NEW CONVERTS TONIGHT

The Coffman Manufacturing Company, of this city, was incorporated Tuesday with a capitalization of \$150,000, the incorporators are L. C. Coffman, H. G. Coffman and Wm. S. Ford.

The Coffman Manufacturing Company represents a combination of the Coffman Plaining Mill and the Standard Chair and Table Company, both companies consolidating under the above firm name.

With the combination of the two concerns, facilities will be arranged for a big increase in the volume of business done in the manufacturing line.

FAMOUS PAINTING NOW ON EXHIBITION

Mr. and Mrs. W. H. Leavitt arrived in this city late Monday afternoon, bringing with them the famous painting by Mr. Leavitt, "The Last Supper," which was unveiled in the high school auditorium Tuesday afternoon, in the presence of a large number of persons eager to see the great painting.

At the unveiling Mr. Leavitt lectured on "Value of the Fine Arts in Daily Life," and Mrs. Leavitt, who possesses a most beautiful voice rendered a number of sacred songs.

Tonight "Lights and Shades of the Latin Quarter of Paris" is the theme of Mr. Leavitt's lecture. Mrs. Leavitt will sing.

Wednesday afternoon "The Queen's Garden" is the topic of Mr. Leavitt's lecture.

TAKEN TO SABINA FOR BURIAL

Rev. A. W. West conducted the funeral services of Mrs. Mary Hammond at the home of her son, Mr. F. L. Hammond, Monday afternoon at half past two o'clock.

The impressive words of the minister were supplemented by a vocal quartet, Rev. and Mrs. West, Mr. and Mrs. J. Howard Hicks, in favorite hymns.

There was a profusion of flowers. The interment was made in the family lot in the Sabina cemetery, where Mr. Hammond is buried. The three sons, P. L. Hammond, P. E. Hammond, of Michigan, George Hammond of Circleville, and son-in-law, Mr. J. M. Baumgardner, were the pallbearers.

A large number of old friends and neighbors were in waiting at Sabina and accompanied the family to the cemetery.

VERDUN ATTACK SHIFTED

(Continued from page one)

ion violently attacked and captured hill No. 265, southwest of Regneville.

Heavy losses were sustained by the Germans in taking this position, Paris declares.

The new drive of the Germans apparently is in the nature of a clearing operation, probably indirectly aimed at ultimate possession of the dominating heights in this region.

There is still notable artillery activity along the immediate front of Verdun, east of the Meuse river, as well as in the Woevre district to the east and southeast of the fortress.

The Berlin War Office announces today that the village of Fresnes was captured this morning by German troops.

COFFEE FACTS

Barco Peaberry Coffee is the pick of the finest, straight Santos Peaberry coming into this country. In order to buy this good coffee at the lowest possible price we have an importer in New Orleans buy it for us in ton lots (at present he is buying a ton for us every 14 weeks) and ship it by boat to our roaster in St. Louis, where it is roasted in hundred pound lots by a man who has had over 16 years' experience roasting coffee, and who last year roasted over 8,000,000 pounds. This man is an expert, and with a man like him looking after it **Barco Peaberry** is always uniform—neither over nor under roasted. As soon as it is cooled it is packed in one-pound parchment-lined green paper bags and shipped immediately by fast freight over the B. & O. railroad, which is a straight line into this city.

These, then, are the reasons why we are able to give you so much value in **Barco Peaberry Coffee**—the finest obtainable, bought in large quantities, roasted right and delivered to you FRESH. **Barco Peaberry Coffee** is perfect in flavor, uniform in quality, delicious in the cup

The new price 22c the pound is the standard coffee value in this territory. If you pay more you pay too much. If you pay less quality suffers

Barco Peaberry Coffee is always packed in the green parchment bag.
